## **Commitment to be Mentor**

I, **Drh. Aprizal Panus, M.Si**, hereby express my full commitment to serve as a **Mentor** in the **Global Laboratory Leadership Programme**.

In this role, I am committed to actively supporting the development of current and future laboratory leaders by sharing my professional knowledge, practical experience, and strategic insights in laboratory management, leadership, and scientific integrity. I will provide constructive guidance, mentorship, and feedback to programme participants to enhance their technical competence, leadership capacity, and ethical standards.

I commit to fostering a collaborative, inclusive, and professional learning environment that encourages innovation, critical thinking, and continuous improvement. I will uphold the values and objectives of the Global Laboratory Leadership Programme and contribute to strengthening laboratory systems and global health outcomes.

I undertake this responsibility with dedication, professionalism, and integrity, and I am prepared to actively engage in mentoring activities, discussions, and evaluations as required by the programme.

**Sincerely,**

**Drh. Aprizal Panus, M.Si**

**Diseasase Investigation Center (DIC) of Subang**
